Housed & Basic Chassis LCD Screens Custom Screen Surrounds

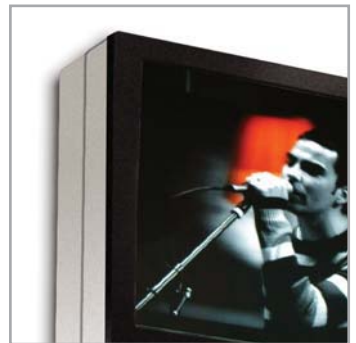

Sound Leisure imports a wide variety of LCD screens and touch screens from trusted sources throughout the Far East. Our custom design and build facilities allow us to tailor our product to suit your requirements.

These are available to our customers in various forms, including basic chassis, individual housed panels and huge video walls featuring multiple screens. Sizes include 10.4", 15", 19", 26" and a huge 32" and with a variety of electronics to suit different inputs. We can manufacture housings from many different materials such as wood, metal, perspex and coloured plastics, so if you can dream it...we can probably house your LCD in it. There is always going to be a screen to fulfill your needs. Please feel free to call us to discuss your exact requirements.

All screen sizes can be accommodated
